CSL20102-03

#### T CONNECTOR

Tough connector design provides a strong connection point for long runs.

#### PATCHWORK TEXTURE

Textured surface designed to provide optimal grip and reduce tire skidding.

#### HIGH CONTRAST LID

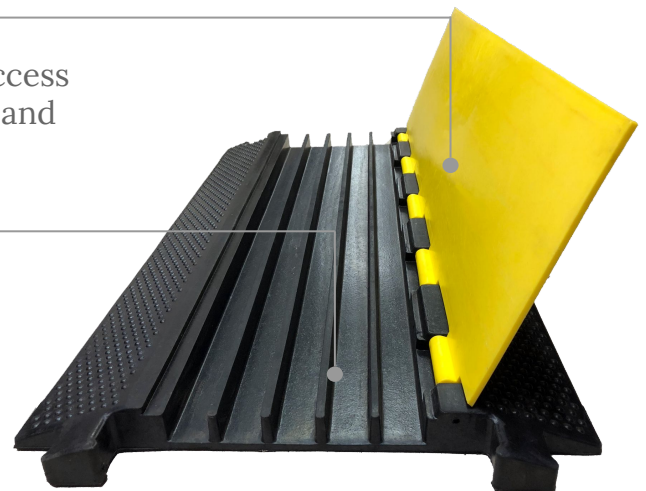

Yellow-on-black for high visibility.

#### SIMPLE TO USE

Top-hinged lid for ease of access means cables can be loaded and accessed from the top.

#### CHANNELS

The Kore Series is available with 2, 3, or 5 channels allowing multiple cables to run through up to 1.57" in diameter.
